

MindsON RBQM | Episode 17: RBQM should be standardized, shouldn't it?

Language: English

Time: 17.00 to 18.30 h (German time zone, CET)

Price: 0 € (free of charge)

Webinar:

How much of RBQM can be standardized, and how much flexibility is still necessary? Some companies seem to always start from scratch, while others try to standardize as much as possible. What is right and what is wrong with the two approaches? And how can you get the balance right?

What is a "mindsON RBQM workshop"?

mindsON RBQM is a series of workshops that provides practical advice on the challenging aspects of an RBQM roll-out and its daily execution, performed by Cyntegrity Germany GmbH - the holistic RBQM solution provider. Each workshop allows room for interactive dialogue and problem-solving exercises. We invite you to share your experiences and participate in the interactive dialog. If you prefer to listen and observe, that's okay as well.

Who are the speakers?

- **Dr. Johann Proeve (Chief Scientific Officer at Cyntegrity):** Johann has over 35 years of experience as a biopharmaceutical industry expert, mainly in the former international role of Head of Global Data Management at Bayer AG. Besides being a much sought-after industry speaker, he brings data-driven realism to the table, ensuring that goals are implementable in the real world. Johann has a vast depth of experience in clinical research, which has been invaluable to many.
- **Keith Dorricott, MBB (Director at DMPI Ltd):** Keith has been a qualified Lean Six Sigma Master Black Belt since 2007. He has a solid background in the practical use of process improvement, business process re-engineering, and metrics in clinical trials. Having a wealth of experience across processes in clinical trials and being a frequent speaker at conferences such as SCOPE and the MCC Summit, Keith helps make the complex understandable. In his spare time, he also facilitates and provides thought leadership for workgroups at the MCC, such as Centralized Monitoring, eCOA, and Vendor Oversight.

Other RBQM learning resources:

RBQM White Belt, Green Belt & Black Belt Training (eCourse & virtual, instructor-led). Visit the [MyRBQM Academy](#) to learn more about our courses, or contact us at tamara.beck@cyntegrity.com.
