

Online Event “Pyroelectric Detectors in Action”

In the upcoming online event “Pyroelectric Detectors in Action” our InfraTec experts will not just give an introduction into the world of infrared detectors. In two practical presentations you will also get the know-how for using a pyroelectric detector target-oriented by e. g. setting up the relevant parameters.

A Glance at the Online Event

- Overview of pyroelectric detectors and their use
- Analogue vs. digital detectors: advantages, differences in integration and configuration
- Demonstration: Set-up and Configuration of a detector (PyrIQ® digital detector with Arduino)
- Coffee table: get answers to all your questions from our experts

- Practical Presentations
 - “Easy Start-up – Using a PyrIQ® Detector with Digital Interface”
Robert Herre, Product Management of Sensor Division
 - “Custom-tailored to Your Application – Configuration of Pyroelectric PyrIQ® Detectors”
Dominic Plache, Product Management of Sensor Division

Beginn:

Dienstag, 4. April 2023, 10:00 Uhr

Ende:

Dienstag, 4. April 2023, 12:00 Uhr

Veranstaltungsort:

Online
