

# International Symposium on Thermal Effects in Gas flows In Microscale (ISTEGIM 2019)

The MIGRATE project of the European Community presents its **International Symposium on Thermal Effects in Gas flows In Microscale (ISTEGIM 2019)**, taking place in Ettlingen near Karlsruhe, Germany on **October 24-25, 2019**.

This symposium finalizes the European Marie-Sklodowska-Curie Innovative Training Network MIGRATE ([www.migrate2015.eu](http://www.migrate2015.eu)).

Numerous highly acknowledged international scientists, engineers and representatives from industry will attend to discuss recent scientific findings and developments in a broad variety of topics covering different aspects of enhanced heat transfer and thermal effects in microsystems.
