

# Automotive Testing China 2022

**Testing Expo China – Automotive is the world’s leading international expo for every aspect of automotive testing, development and validation technologies, taking place every year in Shanghai, with annual sister events in Detroit and Stuttgart. In China, as elsewhere, it is the leading event for the technologies and services in ADAS and autonomous vehicle testing, electric and hybrid powertrain testing, battery and range testing, EMI and NVH test and analysis and the full spectrum of test and validation technologies for full-vehicle, component and systems development.**

With over 300 exhibitors displaying their very latest products and services, visitors can expect to see the most up-to-date technologies in ADAS and autonomous vehicle testing, NVH measurement tools, test rigs, simulation packages, durability testing technologies, crash testing, dynamometers, emission measurement systems and dynamic assessment tools, as well as countless service providers such as proving grounds and test facilities.

Testing Expo China – Automotive will be back to a full-capacity, full-size show and will see a true and full return of person-to-person discussions and physical demonstrations on September 5, 6, 7, 2022 at the Shanghai World Expo Exhibition and Convention Center, China.
