

Meet SHC featuring the VAS Cloud at EuroShop 2023

EuroShop 2023 will take place at Messe Dusseldorf from February 26th to March 02nd, 2023. As an innovation platform, trend hotspot, communication forum and powerhouse of ideas, it drives the international retail industry.

This year, the SHC Team can be found as a partner at the Ingenico booth ([Hall 6 Booth G01](#)). Our latest innovation for the point of sale – the SHC VAS Cloud - will be presented here with live demos of its versatile area of application.

Do you want to:

- Be at the vanguard of innovative, digital offerings at the point of sale?
- Gain additional customers and develop new revenue streams from digital services?
- Avoid lengthy, expensive implementations & certifications of new services and features in your payment infrastructure?
- A fast and lean implementation of upgrade of existing value-added services?
- Vendor-independent, cloud-based solutions that can be operated on all devices at the point of sale?

Then come to the booth of SHC Group and learn more about the VAS Cloud.

Beginn:

Sonntag, 26. Februar 2023, 08:00 Uhr

Ende:

Donnerstag, 2. März 2023, 20:00 Uhr

Veranstaltungsort:

40474 Düsseldorf

Deutschland
