WEBINAR

We should be teleporting, not transporting in the business world.

Mixed Reality with HoloLens 2 smart glasses!

REGISTER NOW!

Working remotely was something that many people hadn't considered until 2 years ago, and there are still some businesses that just cannot adapt to this new way of working.

Topics:

- Mixed reality with HoloLens 2
- Microsoft Remote Assist
- Microsoft Guides
- Use case

Join us for our live webinar and discover all the facts and secrets from a **Mixed Reality** expert who has worked extensively in the field of Virtual, Augmented and Mixed Reality – Martin Vovk, Innovation Expert at BE-terna.

Martin will share with us how HoloLens can **improve productivity with advanced [guidance](#)** and **how you can easily manage all of your HoloLens processes while using the Microsoft Teams chat solution**. Sounds promising right?
